### Summary

This agenda item requests Board approval to release the Missing and Murdered Indigenous People Grant Program Request for Proposals (Attachment E-1) as recommended by the Executive Steering Committee (Attachment E-2).

### Background

The Budget Act of 2022 (Senate Bill 154, Chapter 43, Statutes of 2022) established the Missing and Murdered Indigenous People Grant Program (Attachment E-3). Per the Budget Act, funds shall be awarded by the Board of State and Community Corrections as competitive grants to federally recognized Indian tribes in California to support efforts to identify, collect case-level data, publicize, and investigate and solve cases involving missing and murdered indigenous people.

Grants should focus on activities including, but not limited to, developing culturally based prevention strategies, strengthening responses to human trafficking, and improving cooperation and communication on jurisdictional issues between state, local, federal, and tribal law enforcement to investigate and solve cases involving missing and murdered indigenous people. The BSCC anticipates that \$11,400,000 will be available competitively across three fiscal years to implement the grant program, subject to future appropriations.

On July 25, 2022, the Board approved a staff recommendation to appoint a Chair and establish an Executive Steering Committee (ESC) to develop a Request for Proposals, authorized staff to work with the ESC Chair to establish a diverse ESC with relevant subject-matter expertise, and authorized the ESC Chair to oversee the grant-development process (Attachment E-4).

The Missing and Murdered Indigenous People ESC, chaired by Board Member Norma Cumpian, convened on March 1, 2, and 22, 2023, to make recommendations on the key grant components described below.
