## Part I: Grant Information

### Background

The Adult Reentry Grant (ARG) Program was established in the Budget Act of 2018 (Senate Bill 840, Chapter 29, Statute of 2018). The grant program is aimed at providing support to individuals formerly incarcerated in state prison.

SB 840 dedicated \$15,000,000 for the rehabilitation of existing property or buildings for housing people released from prison. For additional information about SB 840 see Attachment A.

The intent of this funding is to increase housing resources for individuals transitioning from state prison to the community. Projects selected through this competitive-bid process may use grant funds to renovate or improve existing property or buildings to increase the capacity to house or improve the standard of housing for these individuals.

## General Grant Requirements

---

### Grant Agreement

Applicants approved for funding by the BSCC Board are required to enter into a Grant Agreement with the BSCC. Grantees must agree to comply with all terms and conditions of the Grant Agreement.

See (General RFP Appendix B) for a sample grant agreement (*State of California: Contract and General Terms and Conditions*). The terms and conditions of the grant agreement may change before execution.

The Grant Agreement start date is expected to be February 1, 2020. Contracts are considered fully executed only after they are signed by both the Grantee and the BSCC. Work, services, and encumbrances cannot begin prior to the Grant Agreement start date. Work, services, and encumbrances that occur after the start date but prior to contract execution may not be reimbursed. Grantees are responsible for maintaining their Grant Agreement, all invoices, records, and relevant documentation for at least three years after the close of the grant.

### Project Management

Applicants must secure a Construction Manager to provide oversight of the project. It is recommended that projects also secure a Financial Manager as these positions have separate functions and responsibilities and should not be carried out by the same individual.

### Governing Board Resolution

Applicants must submit a resolution from their governing board that the individual signing the application for Adult Reentry Grant Rehab Project is authorized on behalf of the governing board to submit the grant proposal for this funding and sign the Grant Agreement with the BSCC, including any amendments thereof.

### Deed of Trust

Prior to any grant payments being made, and as a condition to receipt of the award, the applicant shall execute and deliver a promissory note to the Board. The amount of the

note shall be the amount of the grant and the note shall be secured by a deed of trust on the project property naming the Board of State and Community Corrections, State of California as the beneficiary. The deed of trust shall be recorded junior only to such liens, encumbrances and other matters of record approved by the Board and shall secure the Board's financial interest in the project and the performance of the applicant's program obligations. The Board shall have a lien on any property or building constructed, renovated, or remodeled for the duration of the grant agreement until January 31, 2030.

If the grantee ceases to be a nonprofit organization or the facility is no longer used for the housing of persons released from state prison, the Board may foreclose upon the lien, take possession of and sell the property.

### **Prevailing Wage**

Labor Code sections 1720 et seq. require payment of prevailing wages for certain developments paid for in whole or in part from any public funding source and exempts other developments from this requirement. All funds provided under this program are public funds within the meaning of the Labor Code. Each applicant shall be responsible for determining on a case-by-case basis the extent of applicability of the State's prevailing wage law to its individual projects. If applicable, prior to the close of the grant program, applicant shall provide to the Board a written certification that prevailing wages have been paid or will be paid, and the records shall be available consistent with the requirements of this section.

### **Environmental Conditions**

All project sites must be free from severe adverse environmental conditions, such as the presence of toxic waste that is economically infeasible to remove and that cannot be mitigated.

### **Relocation**

Projects must not result in the displacement of tenants or businesses.

### **Conditional Use Permit**

A Conditional Use Permit from the applicable jurisdiction must be submitted to the BSCC within 90 days of grant award or applicant will be deemed ineligible and the award will be rescinded.

### **California Environmental Quality Act (Pub. Resources Code, §§ 21000 et seq.)**

The BSCC has determined that projects funded by the Adult Reentry Grant Rehab Project grant are "projects" within the meaning of the California Environmental Quality Act (CEQA). (Pub. Resources Code, § 21065.) Funded projects will be limited to those that have no significant effect on the environment and are statutorily or categorically exempt from the CEQA process.

It is expected, but not required, that qualified proposals will be classified as Class 1 (existing facilities), Class 2 (replacement or reconstruction), or Class 3 (new construction or conversion of small structures) categorical exemptions.

For additional information on CEQA and statutory and categorical exemptions, please see: [http://resources.ca.gov/ceqa/docs/2019 CEQA Statutes and Guidelines.pdf](http://resources.ca.gov/ceqa/docs/2019_CEQA_Statutes_and_Guidelines.pdf)

As part of the application process, applicants must fill out the information in Appendix C, Preliminary Information for Notice of Exemption indicating which statutory or categorical exemption applies to the project. It is recommended that applicants consult with legal counsel to determine whether projects are exempt from CEQA prior to submitting an application.

If an applicant is successful and is conditionally awarded funding, the BSCC will file a Notice of Exemption with the Governor's Office of Planning and Research. (Cal. Code Regs., tit. 14, § 15062.) Prior to filing the notice, applicants will be required to provide sufficient information regarding the project so that the BSCC may certify that the project is exempt. The BSCC may require the applicant to provide an opinion by competent legal counsel attesting to the project's exempt status. The BSCC may deem ineligible and rescind a conditional award if the BSCC is unable to certify the project exempt because of one or both of the following: (1) the applicant has not provided sufficient information for the BSCC to make a determination of exempt status after 60 days following the conditional award or (2) the BSCC determines the project is not exempt from CEQA.

The filing of the Notice of Exemption and the posting on the list of notices start a 35-day statute of limitations period on legal challenges to the determination that the project is exempt from CEQA.

The BSCC will not enter into a grant agreement with the applicant until the Notice of Exemption has been filed, the statute of limitations has expired, and all legal challenges have been resolved. The BSCC may also decline to enter into a grant agreement or may rescind the conditional award if any legal challenges to the local project approval process remain unresolved after the BSCC has completed its Notice of Exemption process.

### **Cash Match**

As indicated previously, grant recipients are required to provide a cash match of 20 percent of the grant award. Funds from governmental sources (other than the BSCC), including federal funds, may be used for the cash match provided that the terms and conditions of such funding allows it to be used within the scope of the ARG Rehab of Property Project. Eligible cash match expenditures only include only those costs as eligible for state financing (see section above, Eligible Costs for Reimbursement).

### **Subcontractors**

Applicants are required to use a general contractor for the ARG Rehab Project. Under the supervisor of the Construction Manager, the general contractor is responsible for the day-to-day oversight of the project site, management of vendors and trades, and the communication of information to all involved parties throughout the course of the project. A three-bid process for the general contractor is required to ensure a responsible selection and increase the efficient use of grant funds by hiring a contractor at the best possible price with an appropriate level of experience and expertise. The bids should be based on criteria that the grantee has established in order to "screen out" unqualified contractors. The grantee is not required to select the lowest bid.

## Title Report

The grantee must submit a preliminary title report of the project property demonstrating the applicant owns the property, as well as the history of ownership, encumbrances on the property, and any other relevant elements of legal history. The preliminary title report of the project property must be current within 30 days of the Adult Reentry Rehab of Property Project application.

## Monthly Invoices and Progress Reports

Disbursement of grant funds occurs on a reimbursement basis however; reimbursement will only begin after the grantee has executed a subcontract with a general contractor for the ARG Rehab of Property Project. During the three-year period of funding availability, grantees must submit invoices (which will include a progress report) with supporting documentation to the BSCC on a monthly basis within 45 days following the end of the reporting period through an online process. Grantees must maintain adequate supporting documentation for all costs claimed on invoices for reimbursement.

Given the reimbursement schedule and related processing time involved, grantees should plan accordingly for needed cash flow to support the project.

At such time as the balance of state's remaining funds reaches 5 percent of the total amount of reimbursement that the grantee is eligible for at the time, the state shall withhold this amount as security, to be released to the grantee upon compliance with all agreement provisions. Requests for release of this state retention will only be considered after:

1. Completion of rehabilitation of property;
2. The grantee is housing persons formerly incarcerated in state prison and/or is accepting housing requests from persons formerly incarcerated in state prison.

Following the three-year period of funding availability, grantees will continue to report to the BSCC annually by submitting proof of insurance, an annual operating budget, and an annual occupancy report for the remainder of the Grant period to January 31, 2030.

## Supplanting

BSCC grant funds shall be used to support new rehabbing of existing property or buildings or to augment existing funds that expand current rehabbing activities underway. BSCC grant funds shall not be used to replace existing funds. Supplanting is strictly prohibited for all BSCC grants. When using outside funds as match, applicants must be careful not to supplant. Supplanting is the deliberate reduction in the amount of federal, state, or local funds being appropriated to an existing program or activity because grant funds have been awarded for the same purposes.

It is the responsibility of the grantee to ensure that supplanting does not occur. The grantee must keep clear and detailed financial records to show that grant funds are used only for allowable costs and activities.

### **Audit Requirements**

The BSCC reserves the right to call for a program or financial audit at any time between the execution of the contract and 3 years following the end of the grant period.

The California State Auditor, the California Department of Finance- Office of State Audits & Evaluation, the California State Controller's Office, or their designated representative shall have the right to review and to copy any records and supporting documentation pertaining to the performance of this grant.

### **Insurance Requirements**

Applicant shall obtain appropriate insurance prior to the start of construction and maintain insurance for duration of the grant award (January 31, 2030). This insurance includes fire, lightning, and extended coverage insurance as well as earthquake insurance in an amount equal to the full insurable value of the project.

### **Grantee Orientation Process**

Following the start of the grant period, BSCC staff may conduct a Grantee Orientation in Sacramento (at a date to be determined). The purpose of this mandatory session is to review the program requirements, invoicing and budget modification processes and reporting requirements, as well as other grant management and monitoring activities. Typically, the Project Director, Financial Officer and Day-to-Day Contact attend. Grant recipients may use grant funds for travel-related expenditures such as airfare, mileage, meals, lodging and other per diem costs. Applicants should include anticipated costs in the budget section of the proposal under the "Other" category.

### **Debarment, Fraud, Theft, or Embezzlement**

It is the policy of the BSCC to protect grant funds from unreasonable risks of fraudulent, criminal, or other improper use. As such, the BSCC will not enter into contracts or provide reimbursement to applicants that have been:

1. debarred by any federal, state, or local government entities during the period of debarment; or
2. convicted of fraud, theft, or embezzlement of federal, state, or local government grant funds for a period of three years following conviction.

Furthermore, the BSCC requires grant recipients to provide an assurance that there has been no applicable debarment, disqualification, suspension, or removal from a federal, State, or local grant program on the part of the grantee at the time of application and that the grantee will immediately notify the BSCC should such debarment or conviction occur during the term of the grant contract.

BSCC also requires that all grant recipients include, as a condition of award to a subgrantee or subcontractor, a requirement that the subgrantee or subcontractor will provide the same assurances to the grant recipient. If a grant recipient wishes to consider a subgrantee or subcontractor that has been debarred or convicted, the grant recipient must submit a written request for exception to the BSCC along with supporting documentation.

All applicants must complete General RFP Appendix D certifying that they are in compliance with the BSCC's policies on debarment, fraud, theft, and embezzlement.

### Grant Compliance - Monitoring Visits

BSCC conducts periodic compliance monitoring visits to grantees during the term of the grant. After the completion of the rehabilitation of property, grantees will be required to submit annually to the board: (1) proof of insurance; (2) an annual operating budget; and (3) an annual occupancy report until the end of the grant period, January 31, 2030. Additionally, after the completion of the rehabilitation of property, grantees must continue to house individuals formerly incarcerated in state prison in the rehabilitated property until the end of the grant period, January 31, 2030.

## General RFP Appendix D: Certification of Compliance with BSCC Policies Regarding Debarment, Fraud, Theft, and Embezzlement

It is the policy of the BSCC to protect grant funds from unreasonable risks of fraudulent, criminal, or other improper use. As such, the Board will not enter into contracts or provide reimbursement to applicants that have been:

1. debarred by any federal, state, or local government entities during the period of debarment; or
2. convicted of fraud, theft, or embezzlement of federal, state, or local government grant funds for a period of three years following conviction.

Furthermore, the BSCC requires grant recipients to provide an assurance that there has been no applicable debarment, disqualification, suspension, or removal from a federal, state, or local grant program on the part of the grantee at the time of application and that the grantee will immediately notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

BSCC also requires that all grant recipients include, as a condition of award to a subgrantee or subcontractor, a requirement that the subgrantee or subcontractor will provide the same assurances to the grant recipient. If a grant recipient wishes to consider a subgrantee or subcontractor that has been debarred or convicted, the grant recipient must submit a written request for exception to the BSCC along with supporting documentation.

By checking the following boxes and signing below, applicant affirms that:

☐ I/We are not currently debarred by any federal, state, or local entity from applying for or receiving federal, state, or local grant funds.

☐ I/We have not been convicted of any crime involving theft, fraud, or embezzlement of federal, state, or local grant funds within the last three years. We will notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

☐ I/We will hold subgrantees and subcontractors to these same requirements.

A grantee may make a request in writing to the Executive Director of the BSCC for an exception to the debarment policy. Any determination made by the Executive Director shall be made in writing.
