

NEVADA COUNTY

Community Corrections Partnership (CCP) Plan Implementation

In FY 2011-12, 2012-13 and or 2013-14 identify the community corrections programs and or services implemented (e.g. program or service was operational) by CCP agencies (e.g. Probation Department, Sheriff's Department, Department of Public Health, etc.).

County-provided programs and services include:

- Day Reporting Center;
- GPS/Electronic Monitoring;
- Cognitive-Behavioral Therapy (CBT);
- .5 FTE Public Health Nurse and .5 FTE Therapist;
- Moral-Reconciliation Therapy (MRT); and
- One Stop Vocational Training.

Describe an accomplishment or highlight (as defined by the CCP) achieved in FY 2011-12 and or 2012-13.

In FY 2011-12 Nevada County opened a Day Reporting Center at the Probation Department. All Deputy Probation Officers were trained in CBT by the Change Company and almost all are facilitating groups with moderate–high risk offenders, either AB 109 or probation cases.

Describe a local success story (as defined by the CCP).

An offender returned to Nevada County and reunited with his spouse and two children. The offender enrolled in substance abuse counseling and joined his spouse in “The Parent Project” to improve their parenting skills. The offender completed outpatient substance abuse treatment and the Parent Project. The offender is nearing completion of his supervision period with minimal issues and overall very good compliance.

In FY 2011-12, 2012-13 and 2013-14 the CCP plan adopted by the Board of Supervisors included the following areas derived from Penal Code section 1230.1

Community Corrections Case Management (CCCM)

CCCM is a model for providing cohesive case management to high-risk offenders in all felony community corrections populations (non-serious/non-violent/non-sex offenders, felony probationers and post-release community supervision population). CCCM consists of needs-assessment-driven case management and supervision of offenders in the community. This strategy applies an overall structure comprised of risk, need and responsivity principles; relational elements between Probation Officer and offender; techniques designed to engage and motivate offenders to change; and behavioral interventions coupled with the use of graduated sanctions and incentives supporting engagement, motivation and behavior change. A case plan is developed to aide Probation in making the appropriate referrals for treatment interventions.

Strategy components include:

- Risk and Needs assessments;
- Needs-assessment-driven case planning;
- Use of engagement and motivation techniques;
- Use of behavioral interventions and instruction (cognitive-behavioral interventions); and
- Swift and certain responses to violation behavior employing graduated sanctions (up to and including flash incarceration) and incentives to support behavior change.

For FY 2011-12, 2012-13 and 2013-14 rank the priority areas[^] of the CCP on a scale from 1 to 9. A rank of 1 indicates that area was the HIGHEST priority (as defined by the CCP) and a rank of 9 indicates that area was the LOWEST priority (as defined by the CCP).

[^]Priority areas are representative of the information counties included in the FY 2011-12 and 2012-13 CCP plans and the information BSCC received from counties and published in the *report 2011 Public Safety Realignment Act: Report on the Implementation of Community Corrections Partnership Plans*.

Priority areas: Day Reporting Center, Data (e.g. data identification, collection, analysis, etc.), GPS/Electronic Monitoring, Staff Training (e.g. Probation Dept., District Attorney's Office, etc.), Local Law Enforcement (municipal police), Public Health/Mental Health (e.g. substance abuse, treatment, etc.), Medical Related Costs, Risk Assessment Instruments (COMPAS, STRONG, etc.), and Staffing (e.g. Victim Witness Advocate, Deputy Sheriff, Deputy Probation Officer, etc.).

*FY 2012-13: Risk Assessment Instruments decreased in priority due to prior investments in FY 2011-12. The Day Reporting Center and Staffing increased in priority to account for the increased number of offenders
