The bill sets out the evidentiary and other criteria the court must follow in determining whether the individual qualifies for the requested relief. Provides for situations in which a Tier 3 lifetime registrant may petition the court to be moved to Tier 2. Summary: Under the state's Continuum of Care Reform (CCR), as embodied in AB 403 (2015) and subsequent bills, children's group homes are being phased out and replaced with alternative placements for foster youth including those under probation supervision. The previous array of children's group homes (14 different levels of care and state reimbursement rates) is collapsed under CCR into a single high-end care facility known as a Short Term Residential Treatment Program or "STRTP". This bill requires licensed foster care facilities including STRTPs to provide data to the state Department of Social Services including a daily census of available beds and a listing of the services that are provided by the facility. It also requires the facilities to track and report changes in placement by reasons such as lack of health or education services or services for special population including LGBT and transgender youth. Additionally, the bill requires the state Dept. of Social Services (CDSS) to create and maintain a data base on its website allowing county children welfare and probation departments to access the information for the purpose of placing children in foster care and to publish the change of placement information.
