Summary: Senator Wiener has incorporated the contents of SB 695 (Lara) into this bill; SB 695 is no longer active. SB 421 modifies the lifetime sex offender registration requirement in current law by establishing three tiers of registration having different durations (10 years, 20 years or lifetime) depending on the severity of the underlying offense and on other factors, such as repeat offense history and risk scores on the SARATSO sex offender risk instrument. SB 421 establishes a process by which a Tier 1 or Tier 2 registrant may, at the expiration of the registration term, petition the Superior Court for relief from registration and removal from the state registry. The bill sets out the evidentiary and other criteria the court must follow in determining whether the individual qualifies for the requested relief. Provides for situations in which a Tier 3 lifetime registrant may petition the court to be moved to Tier 2. Makes other changes affecting the information that can be made public for registrants in each tier. The bill does not modify or provide relief from lifetime sex offender registration for juveniles committed to the state Division of Juvenile Justice.

Summary: Would require a youth confined in a facility of the Division of Juvenile Justice, commencing January 1, 2021, to be provided reasonable access to computer technology and the Internet for the purposes of education and maintaining contact with family members. The bill would also require a minor detained in or committed to a juvenile hall or juvenile ranch, camp, or forestry camp, to be provided with reasonable access to computer technology and the Internet for the purposes of education, and would allow him or her to be provided with reasonable access to computer technology and the Internet for the purpose of maintaining relationships with family.

Governor's Message: To the Members of the California State Assembly: I am returning Assembly Bill 811 without my signature. This bill requires that reasonable access to computer technology and the internet be provided to foster youth, as well as youth confined in Department of Juvenile Justice or local juvenile facilities. While I agree with this bill's intent, the inclusion of state facilities alone will cost upwards of \$15 million for infrastructure upgrades. Also, the reasonable access standard in this bill is vague, and could lead to implementation questions on top of the potentially costly state mandate created by the legislation. I therefore urge the proponents to revisit the local aspects of this bill in the future, taking these concerns under advisement. In the meantime I am directing the Department of Juvenile Justice to present a plan in the coming year to provide computer and internet access as soon as is practicable, and that can be budgeted for accordingly. Sincerely, Edmund G. Brown Jr.

Summary: This bill overhauls the process of current law in WIC Section 709 for determining the competency of minors in delinquency proceedings. AB 935 expands the definition of incompetency, beyond inability to understand the proceedings or assist counsel, to include elements related to mental illness, development disability and immaturity. Under the bill, where doubt is raised as to the competency of a minor in a WIC 601 or 602 proceeding, the court must appoint an expert to evaluate the minor's condition and competency. AB 935 sets out qualifications for the expert including expertise in child and adolescent development, and it includes detail on the methods that must be employed by the expert in making his or her determination and recommendation to the court. Provides that additional experts may be retained by the district attorney or minor's counsel to supplement the testimony of the court appointed expert. Requires the competency determination to be made in an evidentiary hearing with a presumption that the minor is competent. If the minor is determined to be incompetent, the delinquency proceedings are to be suspended and the minor must be referred for services designed to restore competency. If it is determined that competency cannot be restored through remediation within six months, the court must dismiss the delinquency petition. If the court finds within this period that the minor has been remediated, the proceedings are to be reinstated. a reasonable period. Provides that secure confinement may not extend beyond six months after a finding of incompetency, and includes other provisions governing challenges to a finding that the minor has been remediated. Requires the Judicial Council to adopt court rules to implement the revised procedure. See also: AB 689 (Obernalte), a related proposal sponsored by the California Judicial Council. A key difference between AB 689 and this bill (sponsored by the Chief Probation Officers of California) is that AB 935 imposes a cutoff of six months for remediation efforts and secure confinement of an incompetent juvenile.

Governor's Message: To the Members of the California State Assembly: I am returning Assembly Bill 935 without my signature. This bill revises the procedure to determine the mental competence of a juvenile charged with a crime, and limits the time a juvenile who is found to be incompetent can be incarcerated. I applaud the author for addressing a subject that is in need of review, and I support finding a solution to address any gaps in the procedures for juveniles who are found not to be competent to face court proceedings. I am concerned, however, with the rare instances in which youth are accused of very serious crimes. I encourage further review as to how these situations may be accounted for while preserving the author's underlying intent. Sincerely, Edmund G. Brown Jr.

Summary: Amends Welfare and Institutions Code Section 389 by eliminating references in that section to delinquency records and modifying its provisions as applied to dependency jurisdiction and records. AB 1181 authorizes the juvenile court to seal all records relating to a dependency petition that has been dismissed (or for which jurisdiction has terminated), including records held by law enforcement, child welfare, the court, schools or placement agencies. The bill provides that where the court does not seal the record under these circumstances, the minor or non-minor dependent may petition the court to order sealing which the court must then do unless it finds compelling reasons not to seal the record on the dismissed petition. Provides that a record sealed under the bill may be reopened if a dependency petition is eventually filed on the individual; and provides further that a record that has been sealed under this section must be destroyed at age 21 unless the court orders otherwise for good cause.

Summary: Under the state's Continuum of Care Reform (CCR), as embodied in AB 403 (2015) and subsequent bills, children's group homes are being phased out and replaced with alternative placements for foster youth including those under probation supervision. The previous array of children's group homes (14 different levels of care and state reimbursement rates) is collapsed under CCR into a single high-end care facility known as a Short Term Residential Treatment Program or "STRTP". This bill requires licensed foster care facilities including STRTPs to provide data to the state Department of Social Services including a daily census of available beds and a listing of the services that are provided by the facility. It also requires the facilities to track and report changes in placement by reasons such as lack of health or education services or services for special population including LGBT and transgender youth. Additionally, the bill requires the state Dept. of Social Services (CDSS) to create and maintain a data base on its website allowing county children welfare and probation departments to access the information for the purpose of placing children in foster care and to publish the change of placement information.

Grants may be made under the bill to a city or county, a stakeholder "homeless continuum of care" as defined, or a community-based organization that meets requirements listed in the bill. Grantees must offer services drawn from a menu of housing assistance and support services listed in the bill. Requires recipients of grants to track data on the individuals served and to report the required information to the relevant state departments. Requires grant recipients to provide matching funds.
