

Juvenile Justice Crime Prevention Act - Youthful Offender Block Grant
2019 Expenditure and Data Report
Due Date: October 1, 2019

On or before October 1, 2019, each county is required to submit to the Board of State & Community Corrections (BSCC) a report on its Juvenile Justice Crime Prevention Act (JJCPA) and Youthful Offender Block Grant (YOBG) programs during the preceding year. For JJCPA this requirement can be found at Government Code (GC) Section 30061(b)(4)(C) and for YOBG it can be found at Welfare & Institutions Code Section (WIC) 1961(c). These code sections both call for a consolidated report format that includes a description of the programs and other activities supported by JJCPA and/or YOBG funds, an accounting of all JJCPA and YOBG expenditures during the prior fiscal year, and countywide juvenile justice trend data.

Prior to submitting this report save the file using the following naming convention: "**(County Name) 2019 JJCPA-YOBG Report.**" For example, Yuba County would name its file "Yuba 2019 JJCPA-YOBG Report".

Once the report is complete, attach the file to an email and send it to: **JJCPA-YOBG@bscc.ca.gov**. All reports will be posted to the BSCC website. We encourage you to review your report for accuracy before sending it to the BSCC. Please do **NOT** change the report form to a PDF document.

COMPLETING THE REMAINDER OF THE REPORT:

The report consists of several worksheets. Each worksheet is accessed by clicking on the labeled tabs below. (You are currently in the worksheet titled "**CONTACT INFORMATION**".) Complete the report by providing the information requested in each worksheet.

On the worksheet "**REPORT 1**," you will pull data directly from your Juvenile Court & Probation Statistical System (JCPSS) Report 1 that you received from the California Department of Justice (DOJ) for 2018. Similarly, for the worksheet labeled "**REPORT 3**," you will pull information directly from your 2018 JCPSS Report 3. On the worksheet "**ARREST DATA**," you will obtain data from the DOJ's Open Justice public website.

On the worksheet "**TREND ANALYSIS**," you will describe how the programs and activities funded by JJCPA-YOBG have, or may have, contributed to the trends seen in the data included in REPORT 1, REPORT 3, and ARREST DATA.

On the "**EXPENTITURE DETAILS**" worksheet, you are required to provide a detailed accounting of actual expenditures for each program, placement, service, strategy, or system enhancement that was funded by JJCPA and/or YOBG during the preceding fiscal year. This worksheet is also where you are asked to provide a description of each item funded.

In the blank boxes below, enter the data from your Report 1 received from DOJ as titled below:

Please use this space to explain any exceptions and/or anomalies in the data reported above:

Data collected in 2017 reflected overall petitions including technical violations of probation and new 602 petitions filed by the District Attorney. The data for 2018 is inclusive of new 602 petitions but does not include violations of probation. Gender identity should be based on self-report moving forward to begin in 2020.

There is not a significant difference in race/ethnic group from 2017-2018.

Data issues remain. The department entered 402 law enforcement referrals through Juvenile Court and Probation Statistical System (JCPSS) as received from law enforcement agencies. Only 125 are captured in Open Justice arrest report, indicating underreporting by local partner law enforcement agencies. The department received a total of 411 overall referrals including out of county or other. Humboldt County offers a diversion program through a local law enforcement agency and the department would only receive referrals if the youth failed the diversion program. Data collection and comparison is inaccurate and difficult to discuss due to the discrepancies.

In the blank boxes below, enter the data from your Report 3 received from DOJ as titled below:

Please use this space to explain any exceptions and/or anomalies in the data reported above:

402 law enforcement referrals were reported to JCPSS by the probation department. The data provided by local law enforcement agencies to Open Justice is significantly different with a total of 125 and appears to be significantly under reported. As previously reported the departments internal case management system and Open Justice data from local law enforcement agencies continues to show significant discrepancy.

Government Code Section 30061(b)(4)(C)(iv) & WIC Section 1961(c)(3)

Provide a summary description or analysis, based on available information, of how the programs, placements, services, strategies or system enhancements funded by JJCPA-YOBG have, or may have, contributed to, or influenced, the juvenile justice data trends identified in this report.

The data provided and discussed in this report was collected from the 2018 calendar year. Discrepancies remain from underreported crimes by local law enforcement in Open Justice. To address this issue the department attempted to adjust the local case management system. This caused some discrepancies the department could account for from last year to the current year. For example in the 2017 data the overall petitions included technical violations. In the 2018 year the data only included those petitions filed by the District Attorney on new law violations. The downward trend of juvenile law enforcement referrals to the Probation Department continues with 64 less from the previous year. In the northern area of the county the Arcata Police Department continues to provide diversion services to youth and families falling within their jurisdiction. The remaining cases are referred to the Probation Department and screened utilizing an evidence based risk assessment tool. These low level offenders with high protective factors are diverted to community resources at the initial assessment. Those youth needing a little more oversight are placed on either a Diversion Contract or Informal Contract based on risk score and victim restitution. Mandatory offenses and higher risk youth are referred to the District Attorney for filing a petition. During this reporting period, Probation received 411 referrals; 150 petitions were filed; 14 were placed on diversion or informal contracts; 64 were rejected for filing by the District Attorney; 197 had no petition requested and were diverted from the system. In the previous year reporting period the department received 472 law enforcement referrals; 226 petitions were filed, 14 were placed on diversion or informal contracts; 34 were rejected for filing by the District Attorney, 212 had no petition requested and were diverted from the system. The difference between 2017 and 2018 showed an decrease in referrals by 61, decrease in petitions filed by 76, and an increase in number of referrals rejected by the District Attorney of 30. The 2017 petitions included those filed for violations for a portion of the year. The increase in referrals being rejected is difficult to explain. It could be a change in the prosecuting attorney or law updates.

The JCPSS data shows that 13 young persons had an outcome of "secure county facility." Last years data report explained the reporting discrepancies with regards to a commitment. Humboldt County generally reserves lengthy commits in excess of thirty days for commitments to the six month locked behavioral modification program, New Horizons. In Humboldt County the New Horizons Program is the only local service provider allowing a young person to receive Wraparound, individual and family counseling, substance use counseling, on-site education services, independent living skills, and evidence based practices such as Aggression Replacement Training and Effective Practices in Community Supervision. Without this local service Humboldt County youth and families would be required to travel four hours to the closest behavioral modification programs.

Late in 2017 Humboldt County began capturing technical violations separately in their own category instead of including them in the Subsequent Petitions section. This provides a more accurate view of what is actually occurring in Humboldt County with regards to youth continuing to break the law versus those youth that violate probation. Subsequent petitions filed equaled 43 or 29% of the overall petitions filed. This percentage is more than double that of last year. It could indicate that separating subsequent petitions and technical violations continued to be a factor in the 2017 data. Technical violations equaled 61 or 41% of petitions filed. This is approximately half of what was reported last year. The 107 new petitions continues to include those youth that may commit crimes and have additional petitions filed prior to a resolution on the first petition.

For example, you might want to include information on the types of youth served, prevention services you provided, your accomplishments, any barriers encountered, and what specifically JJCPA and/or YOBG funds paid for.

YOBG funding is used to support the Northern California Regional Facility New Horizons Program. By keeping this facility open and staffed, the Humboldt County Probation Department is able to provide a secure facility for youth to receive services to assist in the habilitation towards a safer community, by increasing youth decision making skills and improving family functioning within a secure setting. This program is designed to improve the county's capacity to reduce juvenile crime by focusing on WIC 602 juvenile court wards ages 12-18 who: have a diagnosed mental illness, who are at imminent risk of out-of-home placement, and who may have a history of treatment failures in residential settings but whose adjudicated crimes do not meet the criteria for commitment to the State Division of Juvenile Justice (DJJ).

Youth in the New Horizons program are provided Wraparound services including individual and family counseling, Aggression Replacement Training (ART), substance abuse treatment, independent living skills, and educational resources.

ART programming is an evidence-based practice designed to develop or improve moral reasoning skills, to improve thinking and social skills, to decrease aggressive behaviors, and to reduce recidivism. Youth in the facility earn an average of 29 credits per academic quarter and are usually there for a minimum of two quarters. This allows youth with a history of poor academic performance and credit deficiencies an opportunity for credit building and academic success including obtaining their high school diploma in some cases.

JJCPA and YOBG funds are blended with county General Funds and other funding sources to support the New Horizons program. Additionally, JJCPA funding is used to sustain a Senior Probation Officer that is dedicated to assist the new Horizons youth during aftercare transition from the secure facility back to the community. A portion of this officer's time is also spent operating the juvenile community service work program to enhance a continuum of sanctions for all youth served by Probation.
