

Juvenile Justice Crime Prevention Act - Youthful Offender Block Grant
 2019 Expenditure and Data Report
 Due Date: October 1, 2019

On or before October 1, 2019, each county is required to submit to the Board of State & Community Corrections (BSCC) a report on its Juvenile Justice Crime Prevention Act (JJCPA) and Youthful Offender Block Grant (YOBG) programs during the preceding year. For JJCPA this requirement can be found at Government Code (GC) Section 30061(b)(4)(C) and for YOBG it can be found at Welfare & Institutions Code Section (WIC) 1961(c). These code sections both call for a consolidated report format that includes a description of the programs and other activities supported by JJCPA and/or YOBG funds, an accounting of all JJCPA and YOBG expenditures during the prior fiscal year, and countywide juvenile justice trend data.

Prior to submitting this report save the file using the following naming convention: "**(County Name) 2019 JJCPA-YOBG Report.**" For example, Yuba County would name its file "Yuba 2019 JJCPA-YOBG Report".

Once the report is complete, attach the file to an email and send it to: **JJCPA-YOBG@bscc.ca.gov**. All reports will be posted to the BSCC website. We encourage you to review your report for accuracy before sending it to the BSCC. Please do **NOT** change the report form to a PDF document.

Government Code Section 30061(b)(4)(C)(iv) & WIC Section 1961(c)(3)

Provide a summary description or analysis, based on available information, of how the programs, placements, services, strategies or system enhancements funded by JJCPA-YOYG have, or may have, contributed to, or influenced, the juvenile justice data trends identified in this report.

Though past analysis has shown significant reduction of the juvenile arrest rates over the last ten years in Mendocino County, the current year show an increase. Felony arrest rates for 2018 show a 27% increase, and misdemeanor arrest rates for 2018 show a 2% increase. While minor, this differs than past steady decrease in juvenile arrest rates over a ten plus year span.

The comprehensive plans for juvenile justice continues to include investment in mental health services, drug and/or alcohol treatment services, counseling, detention alternatives, and the utilization of Evidence Based Practices. In mid 2019, risk and needs assessments supervision implementation to begin. We will continue to work in conjunction with the educational system, families and community based organizations to continue to see a reduction in the juvenile arrest rates.

While the arrest rate for sex offenses continue to be an overall low number in Mendocino County, we again noted an increase in these offense. The arrest rate for sex offenses for 2018 was a 50% increase from 2017. We will continue to monitor this area. It continues to appear that the programs demonstrating positive results are in the areas of drug and/or alcohol treatment/prevention, as well as gang intervention/prevention, and will continue to be core areas of concentration for Mendocino County Probation

The Probation Department implemented the PACT assessment in 2009-10. An assessment is completed at disposition for all probationers. During our first year using the PACT, it became apparent that data collection and data entry related to the assessment is very time consuming and the Probation Officers were spending many hours on these tasks that would otherwise have been spent delivering direct services to juvenile probations. The funding is used to fund one .25 FTE Legal Secretary to assist with data collection, data entry, case plans, and other clerical assistance related to the assessment process, our annual license fee, support and training costs for the PACT assessment tool.

EM allows the Probation Department to supervise a juvenile in their residence as ordered by the Court. EM closely monitors the youth's activities and alerts the probation officer if the youth is in an area they are not authorized to be and also allows the officer to check their location and make sure they are attending their ordered programs. A juvenile is placed on this program under strict guidelines to help them become more accountable for their decisions and attitudes. EM also assists the parent and probation in closely supervising a child who has demonstrated problems in school, home and/or with the law. EM is used as a less restrictive alternative to secure detention. Finally, the use of EM for juvenile offenders in Mendocino County allows the Probation Department to provide information to the Court on youths' behaviors and actions that would not otherwise be available. Funding was used for monitoring youth on Electronic Monitoring.

The camp provides several areas in which the residents can receive education and counseling services. They also provide family counseling, as well as drug and alcohol counseling through AODS staff and on-site Narcotics Anonymous and Alcoholics Anonymous meetings.
