

Juvenile Justice Crime Prevention Act - Youthful Offender Block Grant 2019 Expenditure and Data Report Due Date: October 1, 2019

On or before October 1, 2019, each county is required to submit to the Board of State & Community Corrections (BSCC) a report on its Juvenile Justice Crime Prevention Act (JJCPA) and Youthful Offender Block Grant (YOBG) programs during the preceding year. For JJCPA this requirement can be found at Government Code (GC) Section 30061(b)(4)(C) and for YOBG it can be found at Welfare & Institutions Code Section (WIC) 1961(c). These code sections both call for a consolidated report format that includes a description of the programs and other activities supported by JJCPA and/or YOBG funds, an accounting of all JJCPA and YOBG expenditures during the prior fiscal year, and countywide juvenile justice trend data.

Prior to submitting this report save the file using the following naming convention: "(County Name) 2019 JJCPA-YOBG Report." For example, Yuba County would name its file "Yuba 2019 JJCPA-YOBG Report".

Once the report is complete, attach the file to an email and send it to: **JJCPA-YOBG@bscc.ca.gov**. All reports will be posted to the BSCC website. We encourage you to review your report for accuracy before sending it to the BSCC. Please do **NOT** change the report form to a PDF document.

COMPLETING THE REMAINDER OF THE REPORT:

The report consists of several worksheets. Each worksheet is accessed by clicking on the labeled tabs below. (You are currently in the worksheet titled "CONTACT INFORMATION".) Complete the report by providing the information requested in each worksheet.

On the worksheet "REPORT 1," you will pull data directly from your Juvenile Court & Probation Statistical System (JCPSS) Report 1 that you received from the California Department of Justice (DOJ) for 2018. Similarly, for the worksheet labeled "REPORT 3," you will pull information directly from your 2018 JCPSS Report 3. On the worksheet "ARREST DATA," you will obtain data from the DOJ's Open Justice public website.

On the worksheet "**TREND ANALYSIS**," you will describe how the programs and activities funded by JJCPA-YOBG have, or may have, contributed to the trends seen in the data included in REPORT 1, REPORT 3, and ARREST DATA.

On the "EXPENTITURE DETAILS" worksheet, you are required to provide a detailed accounting of actual expenditures for each program, placement, service, strategy, or system enhancement that was funded by JJCPA and/or YOBG during the preceding fiscal year. This worksheet is also where you are asked to provide a description of each item funded.

COUNTYWIDE JUVENILE JUSTICE DATA for:

In the blank boxes below, enter the data from your Report 1 received from DOJ as titled below:

Indian	
Unknown	6
TOTAL	255

Please use this space to explain any exceptions and/or anomalies in the data reported above:

The number of diversion and 654 cases relative to petitions is deceiving. For some reason our system is capturing them as closed cases in the JCPSS push. We are looking at how to fix this problem. However, it is correct that we only pursue a petition on about 22% of referrals.

In the blank boxes below, enter the data from your Report 3 received from DOJ as titled below:

Please use this space to explain any exceptions and/or anomalies in the data reported above:

20 cases were "dismissed." Sometimes those cases are referred back to the department for informal handling. Some of those cases are out of county kids from local STRTPs that after a 241.1 report return to the 300 system.

^{*} The JCPSS reports show "California Youth Authority," however it is now called the "Division of Juvenile Justice."

Government Code Section 30061(b)(4)(C)(iv) & WIC Section 1961(c)(3)

Provide a summary description or analysis, based on available information, of how the programs, placements, services, strategies or system enhancements funded by JJCPA-YOBG have, or may have, contributed to, or influenced, the juvenile justice data trends identified in this report.

Despite only having an 8% reduction in local arrests over the past 10 years as compared to 26% statewide, we have reduced the percentage of referrals that go to petition and the average daily population of the juvenile hall. Our strategy for JJCPA has been in early intervention and prevention on both the truancy and delinquency referral side of the house. We have been making efforts to deflect youth away from entering the delinquency system, while at the same time directing parents to community based services that might assist them in reducing the potential and/or future delinquency referrals. We intervene at the lowest level possible which is one reason we now have so few cases ending in a formal disposition. Our truancy program is quite robust and our efforts with stakeholders has paid dividends in this regard. YOBG focuses on addressing re-entry needs and concerns through the use of cognitive behavioral therapy. This approach has significantly lowered the average daily population of our juvenile facility.

The next step is to reduce the arrest rate. That involves in continuing to educate law enforcement stakeholders. We have increased our dialogue, education, and outreach to all of the local law enforcement agencies. They are starting to understand and appreciate the work that we do and they continue to look for alternatives to arrest, including by referring them to our programs.

Use the template(s) below to report the programs, placements, services, strategies, and/or system enhancements you funded in the preceding fiscal year. Use a separate template for each program, placement, service, strategy, or system enhancement that was supported with JJCPA and/or YOBG funds. If you need more templates than provided, click on the "Add'I EXPENDITURE DETAIL Forms" tab.

Start by indicating the name of the first program, placement, service, strategy, or system enhancement that was funded with JJCPA and/or YOBG funds last year. Next indicate the expenditure category using the drop down list provided in the Expenditure Category portion on each of the templates.

For each program, placement, service, strategy, or system enhancement, record actual expenditure details for the preceding fiscal year. Expenditures will be categorized as coming from one or more of three funding sources - JJCPA funds, YOBG funds, and other funding sources (local, federal, other state, private, etc.). Be sure to report all JJCPA and YOBG expenditures for the preceding fiscal year irrespective of the fiscal year during which the funds were allocated. Definitions of the budget line items are provided on the next page.

ACCOUNTING OF JJCPA-YOBG EXPENDITURES for:

Nevada

Salaries and Benefits includes all expenditures related to paying the salaries and benefits of county probation (or other county department) employees who were directly involved in grant-related activities.

Services and Supplies includes expenditures for services and supplies necessary for the operation of the project (e.g., lease payments for vehicles and/or office space, office supplies) and/or services provided to participants and/or family members as part of the project's design (e.g., basic necessities such as food, clothing, transportation, and shelter/housing; and related costs).

Professional Services includes all services provided by individuals and agencies with whom the County contracts. The county is responsible for reimbursing every contracted individual/agency.

Community-Based Organizations (CBO) includes all expenditures for services received from CBO's. **NOTE**: If you use JJCPA and/or YOBG funds to contract with a CBO, report that expenditure on this line item rather than on the Professional Services line item.

Fixed Assets/Equipment includes items such as vehicles and equipment needed to implement and/or operate the program, placement, service, etc. (e.g., computer and other office equipment including furniture).

Administrative Overhead includes all costs associated with administration of the program, placement, service, strategy, and/or system enhancement being supported by JJCPA and/or YOBG funds.

Use the space below the budget detail to provide a narrative description for each program, placement, service, strategy, and/or system enhancement that was funded last year. To do so, double click on the response box provided for this purpose.

Repeat this process as many times as needed to fully account for all programs, placements, services, strategies, and systems enhancements that were funded with JJCPA and/or YOBG during the last fiscal year. Keep in mind that this full report will be posted on the BSCC website in accordance with state law.

And, as previously stated, we strongly suggest you use Spell Check before returning to the BSCC.

Other Expenditures (List Below):									
		·							
TOTAL	\$	172,631	\$ -	-					

Provide a description of the program, placement, service, strategy or system enhancement that was funded with JJCPA and/or YOBG funds in the preceding fiscal year. For example, you might want to include information on the types of youth served, prevention services you provided, your accomplishments, any barriers encountered, and what specifically JJCPA and/or YOBG funds paid for.

A probation officer is assigned to the intake function of the department. They process referrals and access all referred juveniles for initial static risk using a validated risk/needs tool. If the individual is a first time offender, scores low risk on the tool, and the crime in not a mandatory referral they initiate a hold on the referral. Once a hold is initiate they educate the family on the resources that are available to the family in the community that will potential address the identified needs of the family. They walk them through the process of accessing these services and attempt to empower the parents to take a role in securing services. We also educate them on the juvenile justice process so that they know what benefits and potential consequences they are facing during and after the diversion process. The officer remains a resource to the family after the intake and diversion process. They can access the services of the officer at any time during the process. If the minor goes six months free from further referrals on does not rise to the level of need for further intervention then they will not be formally processed. The goal is that hopefully the matter is either an aberrant period of behavior and/or the matter can be handled successfully at the lowest level to avoid pulling a minor into the system that would otherwise thrive without such an intervention. This model not only conserves resources across the board, but also recognizes that intervening at a high level when unnecessary could actually increase a minor's risk to re-offend.
